

Frecks, Geeks and Asperger Syndrome, by Luke Jackson

Published by Jessica Kingsley, 2002
Paperback from £11.13

Luke Jackson is a renowned writer and public speaker on Autism Spectrum Conditions. Author of a number of books including the bestselling 'Frecks, Geeks and Asperger's Syndrome'. He also delivers talks on all aspects of Autism intervention.

<http://www.lukejacksonautism.com/>

Drawing from his own experiences and gaining information from his teenage brother and sisters, Luke Jackson wrote this enlightening, honest and witty book in an attempt to address difficult topics such as bullying, friendships, when and how to tell others about Autism, school problems, dating and relationships, and morality.

He draws from his books, personal knowledge and experience, to come up with unique and tailored ways of helping people on the Autism Spectrum. In addition to this, much of the content is fitted to helping parents, carers and siblings dealing the more difficult parts of living with ASCs.

Luke is a wonderful advocate for those with autism. Great source of information on his website with interesting You Tube footage of him speaking about his diagnosis.

Other titles by this author:

- A User Guide to the GF/CF diet for Autism, Asperger Syndrome and AD/HD.
- Sex, Drugs and Asperger's Syndrome (ASD): A User Guide to Adulthood
